Subject: Meeting on Sulfolane SCDM Values

Hi Brandon and Ken,

After speaking with Dave and Josephine on Sulfolane and having reviewed the ATSDR health consultation, we would like to set up a meeting to discuss the next steps for getting a SCDM value for the substance, as obtaining a PPRTV value will likely take a year.

I am out of the office next week, so if you could respond with your availability for the week of September 26th, I'd appreciate it. When you respond, please "Reply to All" as Bob will be arranging a final meeting time in my absence. Thanks.

- David
